HOW TO PROJECT YOUR SCREEN/DEVICE (E.G., PHONE, COMPUTER)

TO THE TV MONITOR IN THE COMMONS - ROOM 3233 ETMSW

For Apple MacBook users

Before you proceed, ensure that

- Your MacBook is manufactured in year 2012 or later.
- You are running *OS X version 10.9 ("Mavericks") or later*. If not, you will have to update your operating system.

How to project your screen to the TV

1. Connect your MacBook to the wireless network "Commons-TV." No password is required.
2. Using the TV remote control and pointing towards the TV, press the "Input" button until "**HDMI 3**" is highlighted.
3. Press the circle button on the middle of the remote control.
4. Look for the AirPlay Status icon on the top of the bar, to the left of time display , as shown as the example below:
5. If no icon is shown, restart your computer.

AirPlay status icon.

For Apple MacBook users - continued

6. Click on the AirPlay status icon and choose "Apple TV." The "mirroring" option will also appear.
7. Slide the button so it turns green.
8. Your MacBook is now synchronized its display to the TV.
9. To turn off the display, redo step 4 but slide the "mirror" green button to turn it off.

COLLEGE OF EDUCATION

MAKING GOOD ON THE PROMISE OF PUBLIC EDUCATION

If you would like a paper copy of these directions, please go across the hall to Room 3335.
If you are unable to connect your device to the TV monitor, please go downstairs to the ETL Lab, Room 2027 or call 312-996-0133 and ask for assistance.
