

Graduate College Tuition and Fee Waiver Application

The Board of Trustees (BOT) Tuition and Selected Fees Waivers are awarded through the Graduate College and the College of Education. A BOT waiver covers full tuition, the service fee, the health service fee, and provides some funds to cover a portion of the Campus Care health insurance. All other fees (the remainder of Campus Care health insurance, the general fee, and the CTA fee, etc.) are the student's responsibility. All covered expenses can be found at <https://grad.uic.edu/funding-awards/graduate-college-waivers/> under "Overview". Students can apply for either full-time or part-time waivers.

Waivers are given only a single term at a time, and repeat waivers, although not prohibited, are unlikely (and waivers are never given more than twice). Waivers are not an entitlement, but an award from the university; submission of an application does not ensure that a student will be selected to receive a waiver. There are always fewer waivers available than there are applicants, so it is important that applications include all information requested. Contact your department for more specific information about their priorities.
